

Rogue Pact License (RPL) v2  
Created by RogueHashrate, 12-17-2025

The RPL is a pact for sharing code: open, transparent, and collaborative.  
You are free to use, copy, modify, and distribute this software and  
derivative works.

Redistribution requires acknowledgment of the original author.  
Sharing source, contributing improvements, or publishing modifications is  
encouraged but optional.

The author may grant exceptions or alternative terms if requested.
